

3 MINUTE THESIS

 **Short On Time, Big On Impact.** That's the essence of the **3 Minute Thesis.**

Welcome to the grand stage, where the brightest minds in academia converge to present engrossing research with flair and finesse. Step into the world, where in just three minutes, the heart of **Civil Engineering** beats louder than ever, echoing the timeless call to innovate, sustain and inspire.

From infrastructure development to sustainable construction practices, we welcome presentations on all facets of Civil Engineering. Join us and share your innovative ideas with experts in the field. 

Eligibility: PG student/IDD(Final year)

Time limit: 3 minutes

EVENT STRUCTURE:

Round 1- Online Submission of Research Work

In the initial stage of the competition, participants need to submit a summary of their Research Work in ppt format. This online sharing is just the start, like a preview of what's to come in the next rounds of the competition!

Participants can add a maximum 3 minutes video presentation for better clarification.

Round 2- Live Presentation

Participants move forward to the exhilarating 2nd Round, where the spotlight shifts to the live stage. Here, you are the storyteller, weaving your research into a mesmerizing **three-minute presentation**.

Rules:

- A single static PowerPoint slide is permitted. **No slide transitions, animations** or 'movement' of any description are allowed.
- Presentations are limited **to 3 minutes maximum** and competitors **exceeding 3 minutes are disqualified**.
- Language of the presentation should be **English**.
- The language used in the presentation should be clear and **appropriate for a general audience**.
- Presentations are considered to have commenced when a presenter starts their presentation through either movement or speech.
- A gentle bell will ring at the **two-and-a-half-minute mark** to signify the approaching conclusion of the presentation.
- The decision of the adjudicating panel is final.

Judging Criteria

- Presentation clearly described the **research strategy/design** and the **results/findings of the research**.
- The PowerPoint slide was well-defined and enhanced the presentation.
- Presentation clearly described the **conclusions, outcomes** and **impact of the research**.
