

ML FORGE

Embark on a journey through the world of data and algorithms with ML Forge! Put your ML skills to the test, craft groundbreaking models, and showcase your mastery of cutting-edge techniques.

Event Structure :

Team Size : Each team can have maximum 3 participants.

Competition Format :

Round 1 : (Online) Submission of model:

Objective : Develop a machine learning model based on the provided problem statement and dataset.

Guidelines:

- The dataset will be provided in a drive link.
- AI use/plagiarism will be penalized.
- Bonus points for documentation.
- Participants will have to construct an ML model, whose metric will be provided along with the PS.
- Efficient data cleaning and preprocessing are crucial.

Prizes :

- 1 Prizes Worth ₹4000
- 2 Prizes Worth ₹2000
- 3 Prizes Worth ₹1000
